Customer Spotlight

Edwin is in our College Promise Career Fellows Program, as he recently graduated from CSULB with a Bachelor of Arts in Philosophy and a Minor in History. Edwin had a desire to transition from his part-time career in retail into the non-profit sector to serve those experiencing homelessness. Edwin was inspired to become part of the solution after witnessing the struggles of those trying to survive on the streets of Long Beach. With the combined efforts of our Career Specialist and Business Engagement teams Edwin was able to transfer his résumé and personal mission, and connected with several local employers addressing homeless needs in Long Beach.

In July, Edwin started a full time and fully benefited position with Mental Health America in his hometown of Long Beach.
